

Equine Portrait Photography Information, Packages & Pricing

If you've taken a look at my portfolio and are thinking about having your own personal photoshoot then please read the information below and learn a little bit about what I can offer, what to expect, and whether or not we are a good fit for you and your equine friend. Once you've read everything and I haven't answered all of your questions then please get in touch and I'll do my very best to help.

A little bit about what to expect

Your photoshoot is completely tailored around you and what you'd like with no pressure at all and no forcing you into awkward poses, so don't worry! My approach is very relaxed and informal, I normally have a rubber chicken with me and lots of silly sound effects on my phone trying to get horses ears up, and generally photoshoots are pretty fun with zero pressure.

Wear what you feel comfortable in, you can always change into different outfits if you wish, remember this is your time and all about you and your horse. Each and every photoshoot is different as it really is tailored around you.

*Please note that if you'd like some ridden photographs taken without a riding hat the photographer (me!) will not be held responsible if an accident or injury occurs during the photoshoot. Although I will help you back on your feet and dust you off afterwards!

After your photoshoot I'll edit all of your images and this can take up to 4 weeks from the date of the shoot until your images are ready to view and purchase.

Cost of Photoshoot

There is an upfront cost of £50 which is payable at the time of booking in order to secure your chosen date.

The £50 upfront cost includes:

Travel time, the photoshoot itself which is usually around 2 hours.

Also included is my editing time so you can view your images as a finished product, which will be uploaded onto a private online gallery which will be private and password protected. I take great pride in my work and at times i can be a bit of a perfectionist, so all of your images will be individually and carefully edited to a high standard.

The price also includes one 12x8' fine print of your favourite image, and i'll also upload a small selection onto my Facebook page for you to tag and share. These will have my copyright on them and will be photos i've selected as my personal favourites.

*If you live further than 10 miles from me (DE72 area) then a mileage charge may also apply at 35p per mile.

How to book

If you've read all of the above and are still interested then please contact me directly to book, or even if you want to make a few more enquiries get in touch and we can have a chat. My contact details are on the website and you can either give me a call, send an email, text me or message via my Facebook page, whichever is easiest. Once you've decided to go ahead and you've chosen a date for your shoot I'll then email over an invoice for the £50 upfront payment and once this is paid your date will be in the diary!

Rubbish weather?!/ Poorly!?

Don't worry, not everything in life runs smoothly and unfortunately things happen, the great British weather can typically be unpredictable so we can always rearrange if it's raining etc. We can also rearrange if one of us is poorly on the day of the shoot. The £50 payment is non refundable but we can always arrange another date.
